

Appendix A References

A-1. Required Publications

ER 1110-2-100

Periodic Inspection and Continuing Evaluation of Completed Civil Works Structures

ER 1110-2-103

Strong Motion Instruments for Recording Earthquake Motions in Dams

ER 1110-2-110

Instrumentation for Safety-Evaluations of Civil Works Projects

ER 1110-2-1806

Earthquake Design and Analysis for Corps of Engineers Projects

ER 1110-2-1807

Use of Air Drilling in Embankments and Their Foundations

EM 1110-2-1907

Soil Sampling

EM 1110-2-1913

Design and Construction of Levees

EM 1110-2-1914

Design, Construction and Maintenance of Relief Wells

EM 1110-2-2300

Earth and Rock-fill Dams--General Design and Construction Considerations

EM 1110-2-3506

Grouting Technology

EM 1110-2-4300

Instrumentation for Concrete Structures

CWGS 16740

Automated Data Acquisition System

TR REMR-CS-5

Instrumentation Automation for Concrete Structures, U.S. Army Engineer Waterways Experiment Station, Vicksburg, MS.

U.S. Bureau of Reclamation 1984

U.S. Bureau of Reclamation. 1984. Water Measurement Manual.

U.S. Bureau of Reclamation 1987

U.S. Bureau of Reclamation. 1987. Embankment Dam Instrumentation Manual.

U.S. Committee on Large Dams (USCOLD) 1993

U.S. Committee on Large Dams. 1993. "General Guidance and Current U.S. Practice in Automated Performance Monitoring of Dams," Committee on the Monitoring of Dams and Their Foundations of the United States Committee on Large Dams.

U.S. Environmental Protection Agency 1989

U.S. Environmental Protection Agency. 1989. *Handbook of suggested practices for the design and installation of groundwater monitoring wells*. National Water Well Association.

Driscoll 1986

Driscoll, F. G. 1986. *Groundwater and wells*, 2nd., Johnson Division, SES, Inc., St. Paul, MN.

Dunnicliff 1988

Dunnicliff, J. 1988. *Geotechnical instrumentation for monitoring field performance*. John Wiley and Sons, Inc., New York.

Hvorslev 1948

Hvorslev, M. J. 1948. "Subsurface exploration and sampling of soils for civil engineering purposes," U.S. Army Engineer Waterways Experiment Station, Vicksburg, MS.

Penman 1960

Penman, A. D. M. 1960. "A study of the response time of various types of piezometers." *Proceedings, Conference on Pore Pressures and Suction in Soils*. Butterworth, London.
